REDACTED

Phone call received from: Mayor, Steve Kanellakos and Serge Arpin. 1420-ish (REDACTED)
Only heard Chief's side of conversation:

- Chief we've been heads down from 7:45 till now in meeting with RCMP and reps from big 12 regarding resource requests that went out yesterday.
- Making progress but we have not gotten one officer out of it.
- All intel around bridge and border closures are based on counter-actions to Ottawa's actions; Interdiction of fuel and encampments set up.
- Important for mayor to know... until this is fixed in Ottawa – this will continue in other areas in province.
- If Mayor hears anywhere that we don't have a plan - we have a plan. They think we have a too aggressive of a plan here
- OPP working on getting us 100 officers on the low end 150 high end. Chief will be solid grounds on the statement. No progress on any request for uniform.
- Chief going into radio silence, will send a message that will look cryptic to the public you will not hear anything from us for 14-20 hours. You have all info I can give you.
- Please discourage any surprise meeting from board meeting etc... need our team completely focused on what they are doing.
- Chief asks if regular counsel meeting.. give chief first portion of meeting to that he can leave in an hour or so and leave. Then chief can schedule post press conference as needed.
- We missed one cycle media – due to operational plan now we need to go silent.

Call to Chair Deans at 14:26hrs (only heard Chief's side of conversation)

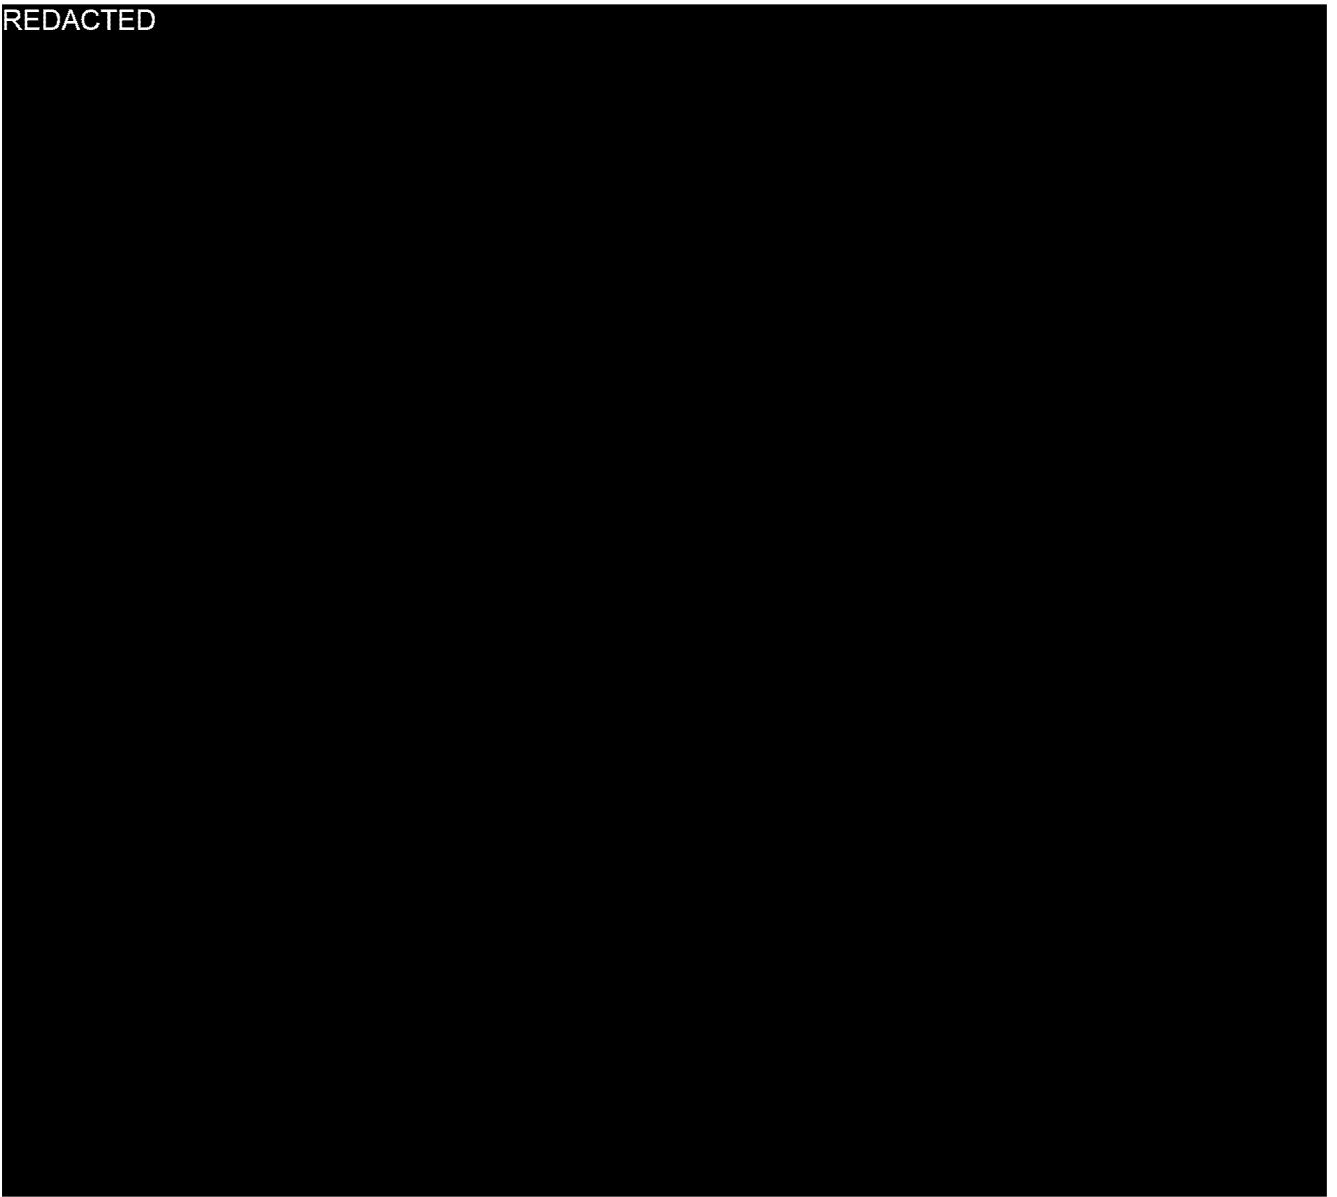

- Was in long continuous meeting.
- 90% of day engaged with RMCP, OPP and big 12 – characterized it positive and committed.
- We have not seen an additional resource from the time the letter was sent by OPSB.
- Incident command team has put final touches on plan.
- We cancelled media brief which was usually scheduled.

- Will do one release relating to mischief.
- Will not do any media for the next 14-20 hours.
- We are going to be extremely focused... if you need anything call or text me directly.
- Discourage any special meeting board meeting etc..
- Only thing we can say is we are doing the best we can. We try to articulate this is not the usual group of people giving tickets etc.. and has not been since the beginning.
